GIN

THE STORY OF THE MALT

Vir Gin offers up a tasting experience that truly defies boundaries. Our spirit is 100% Single Malt, or in other words, a toast to the thoroughbred Barley grain developed for us by Virginia Tech and grown on the Northern Neck of Virginia. We believe in the nurturing of the grain until the moment it reaches your glass, which is why we maintain such a strong relationship with our farmer.

A TIME HONORED TRADITION

Vir Gin is tastefully distilled in pot stills, resulting in a deep and rich flavor profile that allows the malt to shine. We then use the finest natural ingredients available: Mediterranean juniper, citrus, spice, and selected botanicals. Seasonal offerings from the distillery garden uniquely influence each small batch that we produce, one batch at a time.
